

WNoŻiR

Field of study		Aquaculture and Fisheries						
Mode of study		stationary	Level	first cycle				
Graduate's qualification		inżynier						
Fields of science		agricultural sciences						
Disciplines of science		animal science and fisheries (100%)						
Educational profile		general academic						
Module								
Course unit		Librarian training						
Code		WNOZIR/AQF/S1/						
Field of specialisation								
Administering faculty		Biblioteka Główna						
ECTS		0.0	ECTS (forms)	0.0				
Form of course credit		credits	Language	english				
Electives			Elective group					
Form of instruction		Cod	Semester	Hours	ECTS	Weight	Credit	
lecture		W	1	2	0.0	1.00	credits	
Leading teacher		Gudan Kamila (Kamila.Gudan@zut.edu.pl)						
Other teachers		Narloch Anna (Anna.Narloch@zut.edu.pl)						
Prerequisites								
W-1		The student has basic computer skills and Internet knowledge						
Module/course unit objectives								
C-1		Familiarizing users with the organization, functioning and rules of using the library, its collections and services.						
Course content divided into various forms of instruction							Number of hours	
T-W-1		1.General knowledge about library: library resources, organizational structure and localisation, opening hours 2.Library collections and services with special regard to the rules and regulations; availability of resources, user registration, reading and lending room, interlibrary loans 3.Sources of scientific information, databases. 4.Using the online catalogs: simple and advanced search, functions available after logging into the system: placing an electronic order for documents located in the reading and lending rooms, deleting orders, renewal of the loan period, account checking and management.					2	
Student workload - forms of activity							Number of hours	
A-W-1		Student becomes familiar with the content of the "Library Training" at https://e-edukacja.zut.edu.pl (Kursy ogólnouczeniiane)					2	
Teaching methods / tools								
M-1		Online training						
Evaluation methods (F - progressive, P - final)								
S-1		F	At least 70% of test questions answered correctly					
Designed learning outcomes		Reference to the learning outcomes designed for the fields of study	Reference to Learning Outcomes for qualifications at PQF 6, 7 or 8	Reference to learning outcomes for qualifications at level 6 or 7 that enable acquiring engineering competences	Course objectives	Course content	Teaching methods	Evaluation methods
Knowledge								
AQF_1A_A03_W01 The student knows the rules and regulations of the Main Library and the rules of using library services		AQF_1A_W14	P6S_WK		C-1	T-W-1	M-1	S-1
Skills								
AQF_1A_A03_U01 The student is able to use the resources and services offered by the library		AQF_1A_U01	P6S_UW	P6S_UW	C-1	T-W-1	M-1	S-1
Social competences								

AQF_1A_A03_K01 The student is aware of the need of the continuing and autonomous education through the use of available library resources	AQF_1A_K06	P6S_KK P6S_KO		C-1	T-W-1	M-1	S-1
--	------------	------------------	--	-----	-------	-----	-----

Outcomes	Grade	Evaluation criterion
Knowledge		
AQF_1A_A03_W01	2,0	
	3,0	At least 70% of test questions answered correctly
	3,5	
	4,0	
	4,5	
	5,0	
Skills		
AQF_1A_A03_U01	2,0	
	3,0	is familiar with the rules relating to the use of library resources and knows how to use them
	3,5	
	4,0	
	4,5	
	5,0	
Other social competences		
AQF_1A_A03_K01	2,0	
	3,0	is familiar with the rules relating to the use of library resources and knows how to use them
	3,5	
	4,0	
	4,5	
	5,0
